

STARTUP IS LOOKING FOR YOU!

Sei bereit für die Zukunft!

We are a young and motivated team with diverse competences from Rhine-Main-Area. We run innovative projects in the areas of digitalization, IOT, Blockchain, fire protection, smart living and AI.

We are looking for students / freelancers as:

- software developer / programmer
- computer scientist
- graphic designer
- engineers (building technology, electrical and mechanical engineering)

We do not expect a B.Sc. or M.Sc. degree – what counts is:

- initiative
- motivation
- creativity
- independent work
- team work
- reliability
- Knowledge in programming is an advantage, especially:
 - *Java Spring Boot (Backend)*
 - *Angular TypeScript (Frontend)*
 - *Container Management with Docker and Kubernetes*
 - *Unit- and Integration testing (Test Driven Development)*
 - *Working with versioning systems, especially GIT*
 - *Photoshop and Adobe Premiere Pro (Media Design)*

We offer you:

- to be part of a young innovative company
- use your ideas and suggestions to help shape the direction of the future
- gain experience and sharpen your skills
- make new contacts with like-minded people in the team
- contacts in the startup scene and to other companies
- independency
- profit sharing
